Ted Davis*

8 December 1986

NOTE TO: D/OCA

STAT FROM:
Office of Congressional
SUBJECT: Human Resources and Compensation

The attached talking points set forth the current status of the Human Resources & Compensation Task Force. They are in the early stages of their work and held an off-site conference on 4-5 Dec.

STAT suggests that he will have more to report, and the Iran business will possibly quiet down in a few weeks. At that time Ed could--if you agree--go down and brief key staffers on the SSCI and HPSCI, possibly at informal lunches.

~~CONFIDENTIAL~~

HUMAN RESOURCE AND COMPENSATION TASK FORCE

The following talking points can be used to brief SSCI and HPSCI staffs on the current status of the task force.

25X1 Show and leave with them a copy of [] which explains the purpose and scope of the task force.

25X1 [] Office of Personnel is the task force director.

The task force has been holding organizational meetings. Working groups are being formed to address the major tasks.

One working group will review a number of Agency occupations with a view to pay banding.

Another working group will provide information to outside organizations such as OPM and the Congress, as well as to our own people through Employee Bulletins as indicated above.

We have met with a GAO Assistant Comptroller General to discuss the GAO pay banding and pay for performance study and gained useful insights from him.
